

# LETO 175

## BREATHER MEMBRANE

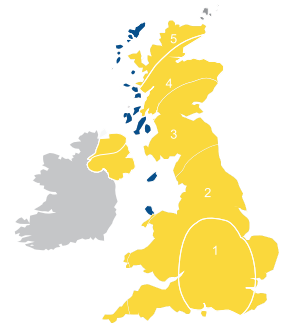

### WIND UPLIFT RESISTANCE

1-5

TAPED LAP

1-4

BATTENED LAP

### TECHNICAL CHARACTERISTICS

Resistance to water penetration, class	w1
Water vapour transmission properties (sd), m	0.02
Tensile strength to EN12311-1 (MD), N/50mm	350
Tensile strength to EN12311-1 (CD), N/50mm	240
Nail tear resistance to EN12310-1 (MD), N/50mm	240
Nail tear resistance to EN12310-1 (CD), N/50mm	230
Flexibility at low temperature to EN1109:2013	-40°C
Reaction to fire, class	E
Weight, gsm	175
